To

J B MALLARADHYA, ESQ, M A,
SECRETARY TO THE GOVT OF MYSORE
REVENUE DEPARTMENT BANGALORE

Sir

Subject – Providing a new Induction motor for water works at Kunigal

I have the honor to state that the Sanitary Engineer in Mysore, Bangalore has reported that the motor installed at the water works at Kunigal was out of order in September 1945 and is under repairs in Government Electric Labortary An oil engine has been temporarily installed since then in place of the motor engine and the condition of the oil engine is reported to be much deteriorated and the motor engine even after repairs is opined to serve only for a short period In order to avoid the inconvenience and difficulty arising from any sudden collapse of the repaired motor engine he suggests installation of a spare new induction motor for the water works at an estimated cost of Rs 900/-

The Municipal Council while agreeing with the suggestion of the Sanitary Engineer, have approved the estimate of Rs 900/- and have resolved on 5-12-1945 that the expenditure may be met out of the budget provision for 1946-47 under water supply charges

The file or records is herewith enclosed for kind perusal

In these circumstances, I request that sanction of Government may kindly be obtained to the resolution of the Municipal Council

I have the honor to be,
sir,
Your most obedient servant,

Deputy Commissioner,
Tumkur District.
